4.2.14 Changes. The Architect shall revise the Construction Documents as needed to incorporate any and all Change Order Requests, Potential Change Orders, supplementary instructions and other necessary modifications. The Architect is responsible for obtaining DSA approval for all changes.

4.2.14.1 Changes Required to Meet Construction Budget. If the lowest responsible bid exceeds one hundred ten percent (110%) of the Construction Budget, Architect shall revise the scope of the Project for re-bidding at no additional cost or expense to the District. The District shall approve or disapprove, in its sole discretion, all proposed changes to the scope intended to effect cost reduction and no such changes shall be effective until approved by the District.

4.2.15 Deliverables. Unless otherwise agreed to in writing, Architect shall produce the deliverables identified on **Exhibits C and D**.

4.3 ADDITIONAL SERVICES.

4.3.1 Architect Additional Services. Additional Services for any Project will require written request or pre-authorization in writing by the District following specific approval of such services by the Board of Education. If Additional Services result in a modification of the Basic Fee, then the Architect shall be paid for such additional services as part of the payment for the Basic Fee. All other Additional Services shall be paid by the District as provided in Section 5.2, Compensation for Additional Services.

4.3.2 The following services are not Basic Services under this Agreement and are to be considered Additional Services:

4.3.2.1 Revisions and changes requested by the District to be made to drawings, specifications or documents previously approved by the District prior to awarding the construction contract, provided that such changes are not (i) required to meet the Project Budget, (ii) required to make the documents compliant with original design requirements, (iii) revisions that should have been implemented during design or (iv) necessary to comply with applicable laws, rules, or regulations.

4.3.2.2 Services for repairs of damages to the Project resulting from third-party actions or unforeseen conditions or circumstances not the result of negligence or errors or omissions of the Architect or the Architect Consultants, including but not limited to repairs necessary

due to damage caused by fire, flood or other unforeseen conditions not the result of negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.3 Additional Services required due to (i) the termination, delinquency or insolvency of the Contractor, or (ii) a default of the Contractor that does not arise directly from the negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.4 Any of the following if directed by the District in writing: (i) the employment of specialty consultants not listed in the Architect’s Basic Services, and (ii) the preparation of special delineations and models of facilities not included in the original Project.

4.3.2.5 Contract administration services performed more than 180 days after the original construction contract completion date, except when such delay is caused in whole or in part by the negligence or errors or omissions or willful misconduct of the Architect or the Architect Consultants.

SECTION 5

5.1 COMPENSATION FOR BASIC SERVICES.

5.1.1 Compensation Description. The Architect shall perform the Basic Services in exchange for compensation equal to the Basic Fee of:

[INSERT AMOUNT N WORDS] DOLLARS (\$[insert amount in numbers])

If the Project is divided into Construction Phases, the Architect shall allocate the Basic Fee over the Construction Phases and the allocation shall be in rough proportion to the Construction Budget for the Project with consideration given to the size and complexity of each Construction Phase. It is agreed that, as long as the Architect performs the Services for the Project or Construction Phase in a timely manner, in compliance with the provisions of this Agreement and to the satisfaction of the District, payments of the Basic Fee for each Project or Construction Phase shall be made by the District, upon approval by the District of deliverables described in **Exhibits C and D**, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase as set forth in the following Table: **[modify the below to fit the phases of the specific project]**

PHASE	PERCENTAGE	AMOUNT
Concept	3.5%	[\$insert amount]
Schematic Drawings	10%	[\$insert amount]
Design Development Drawings	15%	[\$insert amount]
Construction Drawings	40%	[\$insert amount]
DSA Approval/Bidding	5%	[\$insert amount]
Contract Administration	20%	[\$insert amount]
DSA Closeout	6.5%	[\$insert amount]
TOTAL		[\$insert amount]
Direct Costs		[\$insert amount]
Total		[\$insert amount]

5.1.1.1 Invoices. Invoices may be submitted monthly in proportion to the percentage of completion not to exceed the percentage noted above, except that the construction administration phase can be billed as progress in proportion to the certified completion of construction, rounded to the nearest whole percent, as determined by the District.

5.1.1.2 Close-Out Phase. The remainder of the Basic Fee shall be paid to Architect upon satisfactory completion of all Services identified as Close Out Phase on **Exhibit B**, provided that payment will be made as follows: (i) three percent (3%) will be paid after the submission by the Architect of the Verified Report (described on **Exhibit C**) to DSA; and (ii) three and one-half percent (3.5%) will be paid after receipt by the District of final DSA certificate and verification that all fees due to the Architect’s Consultants providing Services in connection with this Agreement have been paid. [modify percentages as agreed by the parties]

5.2 COMPENSATION FOR ADDITIONAL SERVICES.

5.2.1 Fees negotiated for Additional Services pursuant to 4.3.2.1 that result in a change in the scope of the Project or Basic Services shall be processed as an amendment to the Basic Services and Basic Fee, subject to the approval of District’s Board of Education. Close-out percentages shall be applied to all additional service agreements following the same terms as 5.1.1.2.

5.2.2 All other fees for Additional Services may be negotiated on a fixed fee or time and materials basis.

5.3 DISPUTED AMOUNTS. In the event of any good faith dispute concerning a particular payment or a portion of a payment under this Agreement, pursuant to California Civil Code section 3320, the District shall have the right to do either of the following: (i) make such disputed payment to the

Architect without prejudice to the District's right to contest the amount so paid; or (ii) withhold up to 150% of the disputed amounts. If the District withholds amounts invoiced by the Architect, the District will notify the Architect in writing of the reasons for the withholding. From and after the date such notice is given, the District and the Architect shall use their good faith efforts to resolve the dispute as quickly as practicable under the circumstances. If the District has given such notice, the Architect shall not be entitled to terminate this Agreement or suspend Services hereunder on account of such nonpayment, provided the District makes payment for all undisputed sums. If the District chooses to withhold payments under clause (ii) of this Section and if it is subsequently determined that the District owes an additional payment to the Architect, the District shall pay such amount to Architect. If the District chooses to proceed under clause (i) of this Section and it is subsequently determined that the District overpaid the Architect, the Architect shall promptly refund to the District the amount of such overpayment.

5.4 COMPENSATION FOR REIMBURSABLE SERVICES.

5.4.1 PRIOR APPROVAL. The District will not be obligated to pay for any service(s) performed or cost incurred by the Architect without prior written authorization by the District. The following will be reimbursed under this Agreement:

5.4.2 REIMBURSABLE EXPENSES. The EXCLUSIVE list of reimbursable expenses is set forth below. Claims for reimbursable expenses shall be documented by appropriate invoices and supporting receipts. The Architect may be reimbursed for those reasonable out-of-pocket expenses set forth below that are incurred and paid for by the Architect or the Architect Consultant in furtherance of performance of its obligations under this Agreement, but only to the extent that such expenses are directly related to Services satisfactorily completed, are approved by the District in writing and in total do not exceed Five Thousand Dollars (\$5,000.00). Reimbursable travel shall be at current federal rate for mileage, and Google Maps or other acceptable printout must be included. Reimbursements shall not be made or requested for extraneous activities or products, i.e. entertainment or gifts. All requests for reimbursements shall include receipts and other supporting documents as requested by the District.

5.4.2.1 Travel and Mileage. Architect must request the travel in writing and justify why the travel should be reimbursed. Travel expenses must be approved in writing by District, in its sole discretion. Trips from any Architect's office or Architect Consultant's office to the Project site(s) or to the District's office will not be approved for reimbursement.

5.4.2.2 Reimbursable Reprographic Services. Print sets or copies requested in writing by the District beyond the quantities required under **Exhibit D**.

5.4.2.3 Fees for Consultants. Fees for consultants hired and paid by the Architect at the written request of District that are not provided as Basic Services.

5.5 INVOICES.

5.5.1 Invoices for Architect's Basic Services. Following completion of the Services applicable to each Phase, or by agreement with the District (interim invoice), the Architect shall submit an invoice in form and substance satisfactory to the District in an amount not to exceed the amount specified as the portion of the Basic Fee to be paid for that Phase for the Services identified in the invoice. As required by California Civil Code section 3320, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date the invoice is

approved, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.1.1 Each invoice must be accompanied by an **Approval Letter** from the District in the form of **Exhibit D**, attached hereto.

5.5.1.2 If District withholds any amount following a default, as provided in Section 6 of this Agreement, the Architect shall certify in each subsequent invoice that none of the amounts invoiced represent any portion of the amounts identified for withholding. Withheld amounts shall be paid as specified on the notice from the District informing the Architect that the District elects to exercise its right to withhold payment following an Architect default, if any.

5.5.2 Invoices for Additional Services. Except for Additional Services that are incorporated into the Basic Fee, payments for Additional Services shall be made monthly after approval by the District. The Architect's invoice shall be clearly marked "Request for Payment for Additional Services." Each invoice shall be accompanied by receipts and supporting information as deemed required by the District. As required by California Civil Code section 3320, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date of the expense, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.3 Invoices for Reimbursable Expenses. Payments for Reimbursable Expenses, if any, shall be made monthly, unless otherwise specified within the reimbursable expense authorization. The Architect's invoice shall be clearly marked "Request for Payment of Reimbursable Expenses." Each invoice shall be accompanied by receipts and adequate supporting information as required by the District. As required by California Civil Code section 3320, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date of expense, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.4 Final Invoice. Upon completion of all Services and delivery of final DSA certification, the Architect shall prepare a final invoice for the remaining amount due, including and separately identifying any amounts withheld by District hereunder. This invoice shall be prominently noted **FINAL INVOICE FOR [INSERT PROJECT NAME] CONSTRUCTION PROJECT**. The Architect shall provide a final invoice within thirty (30) days of District's notification of receipt of final DSA certification. The District shall pay within forty-five (45) days of approval of final invoice. No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to Contractors, provided the reason for such withholding is not attributable to the fault of the Architect or the Architect Consultants.

5.5.5 Combined Invoices. Invoices for Basic Services, Additional Services and Reimbursable Expenses may be combined on a single invoice provided that the invoice is itemized and follows the instructions above.

SECTION 6

DEFAULT; REMEDIES; SUSPENSION AND TERMINATION

6.1 TERMINATION BY DISTRICT.

6.1.1 For Cause. The District may terminate all or any portion of this Agreement or the Services hereunder for cause in the event of an Architect Default. This termination shall be effective if the Architect does not begin to cure its Architect Default within fifteen (15) days (or longer, if authorized in writing by District) after receipt of a notice of intention to terminate from the District specifying the failure in performance, including but not limited to an Architect Default as further defined herein. If a termination for cause does occur, the District will have the right to withhold monies otherwise payable to Architect resulting from the Architect's cited failure to perform. If the District incurs additional costs, expenses or other damages due to the negligent failure of the Architect to properly perform pursuant to this Agreement, these costs, expenses or other damages shall be deducted from the amounts withheld. Should the amounts withheld exceed the amounts deducted, the balance will be paid to the Architect upon completion of all Services for the Project. If the costs, expenses or other damages incurred by the District exceed the amounts withheld, the Architect shall be liable to District for the difference. The provisions of this Section 6.1.1 are in addition to, and not a limitation upon, any other rights and remedies of the District under law or in equity.

6.1.2 For Convenience. The District may terminate, abandon or suspend performance of this Agreement for convenience and without cause at any time upon fifteen (15) days written notice to the Architect, in which case the District will pay the Architect as provided in Section 5 for all Services and authorized Additional Services actually performed, and all authorized Reimbursable Expenses actually incurred, under and in accordance with this Agreement, up to and including the date of termination; provided, however, that such payments shall not exceed the percentage amounts specified as compensation for the Phases of the Services completed, plus any Additional Services and Reimbursable Expenses completed prior to termination, unless the District at its sole discretion determines that demobilization or other compensation is appropriate. After a notice of termination is given, the Architect shall submit to the District a final claim for payment, in the form and with certifications prescribed by the District. Such claim shall be submitted promptly, but in no event later than forty-five (45) calendar days after the Termination Date specified on the notice of termination.

Such payment shall be the Architect's sole and exclusive compensation and the District shall have no liability to the Architect for any other compensation or damages, including without limitation, anticipated profit, prospective losses, legal fees or costs associated with legal representation or consequential damages, of any kind.

In the event of a termination for convenience, the Architect shall deliver to the District all deliverables, work product, and material related to the Project in the possession of the Architect as set forth in Section 10.5 of this Agreement.

6.1.3 Temporary Suspension of Services. If the Services are suspended in whole or in part by the District for less than one hundred twenty (120) consecutive calendar days, and notice to that effect was provided to the Architect prior to the suspension of the Services, the Architect shall complete any remaining Services in accordance with the terms herein as in existence at the time of suspension and the Architect shall not be entitled to additional compensation. If one hundred twenty (120) consecutive calendar days or more have elapsed before the Services are resumed, the Project's Schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Services.

6.2 ARCHITECT DEFAULT. The occurrence of one or more of the following events shall constitute an "Architect Default" under this Agreement:

6.2.1 Inability to Pay Debts and Failure to Pay Architect Consultants. At any time prior to the expiration or termination of this Agreement, the Architect is unable to pay its debts in the ordinary course of business as they come due, including but not limited to failure to pay, when due, invoices from Architect Consultants providing services in connection with this Agreement.

6.2.2 Assignment for the Benefit of Creditors. An assignment for the benefit of creditors is made by, or any bankruptcy, reorganization (in connection with a debtor relief proceeding), receivership, moratorium or other debtor relief proceedings are commenced by or against the Architect, and the same is not discharged within ninety (90) days of commencement.

6.2.3 False or Misleading. Any representation or warranty made by the Architect in this Agreement or in connection with any Services proves to be false or misleading in any material respect.

6.2.4 Failure to Provide Acceptable Design. The Architect's failure to provide a functional design that can be built within the Construction Budget in accordance with industry standards.

6.2.5 Defective Services; Errors or Omissions; Failure to Perform. The Architect and/or the Architect Consultant (a) provides defective services, including any deficiencies due to errors or omissions, or (b) fails to deliver Services in a timely manner; or (c) causes any delays for any reason, including providing defective Services; or (d) fails to perform any obligations under this Agreement (including, without limitation, failure to supply sufficient skilled personnel or suitable materials or equipment or failure to adhere to the Project Schedule).

6.2.6 Willful Violation. The District determines that (a) the Architect is willfully violating any conditions or covenants of this Agreement or the Contract Documents, or (b) the Architect is executing Services in bad faith or not in accordance with terms hereof.

6.2.7 Failure to Cooperate with DSA. Failure to comply with DSA requirements or to submit documents at any pre-scheduled times in accordance with the MOU Process will constitute an automatic default.

6.2.8 Unapproved Assignment. The Architect attempts to assign this Agreement or any Services hereunder without prior written approval from the District.

6.2.9 Disregard of District Authority or Direction. The Architect disregards the authority of the District or fails or refuses to perform any reasonable act or service requested by the District hereunder.

6.2.10 Violation of Applicable Law. The Architect violates any applicable law, statute or governmental regulation in connection with any Services or this Agreement.

6.2.11 Failure to Maintain Errors and Omissions Insurance. The Architect fails to maintain the insurance required pursuant to Sections 11.2.1.3 and 11.2.2.3 herein.

6.3 DISTRICT REMEDIES.

6.3.1 General Remedies. If an Architect Default occurs under this Agreement, the District may exercise any right or remedy it has under this Agreement, or otherwise available at law or equity, and all of the District's rights and remedies shall be cumulative.

6.3.2 Withholding Payment. If an Architect Default occurs, the District's obligation to disburse further funds to the Architect pursuant to this Agreement may be terminated or suspended by the District, in its sole discretion. In connection with any Architect Default, the District may withhold all or a portion of any payments then or thereafter due to the Architect until the Architect cures any and all defaults to the satisfaction of the District.

6.3.3 Stop Work. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, order the Architect in writing to stop work on the Services, or any portion thereof, until the Architect Default has been cured. The Architect shall make best efforts to avoid delays and shall be solely responsible for any additional costs to the Project in connection with such "stop work" order.

6.3.4 Errors & Omissions; Additional Costs. In addition to any other remedy available to the District under this Agreement or under the laws of the State of California, the District may require the Architect to pay all costs incurred by the District to correct any defect and/or deficiency in the design work of the Architect and/or the Architect Consultants, including but not limited to re-design costs, additional services costs for other consultants, costs incurred by the District under any contract or to make alternative arrangements due to delays, litigation costs, and any cost related to the necessary removal of and/or replacement of work or materials. The Architect shall provide any Services requested by the District to correct any such negligent errors or omissions but shall not receive any fee for any work or Services performed in correcting said errors or omissions regardless of whether such errors or omissions result in damages to the District or delays to the Project. This remedy applies but is not limited to (i) providing a design that fails to serve its purpose when constructed in accordance with industry standard for the particular Project, or (ii) delays due to Architect's failure to comply with the plan check review process in accordance with the District's MOU with DSA.

6.3.5 Self Help. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, without prejudice to other remedies, correct any negligent deficiencies resulting from the Architect Default. In such case, the District may deduct costs relating to correcting such deficiencies, including, without limitation, compensation for additional services and expenses of a supplemental or replacement architect, design or engineering consultants and other consultants made necessary by such defaults, including services of legal counsel, from payments then or thereafter due to the Architect and may adjust the Basic Fee and any fees for Additional Services accordingly. If the payments then or thereafter due to the Architect are not sufficient to cover the amount of the deduction, the Architect shall pay the difference to the District.

6.3.6 Payment to Consultant. If the Architect Default is due to the Architect's failure to pay, when due, invoices of an Architect Consultant providing Services in connection with this Agreement, the District shall have the right, but no obligation, to pay the amount invoiced directly to that Architect Consultant from any amounts then due to Architect, provided that the District has accepted the Services to which the invoices refer. The District shall have no further liability to the Architect or the Architect Consultant in connection therewith.

6.4 TERMINATION BY ARCHITECT. The Architect may terminate this Agreement only upon the occurrence of one of the following conditions:

6.4.1 Failure to Pay Undisputed Amounts. The Architect may terminate upon thirty (30) days' notice if the District fails to make any undisputed payment to the Architect when due and such failure remains uncured for forty-five (45) calendar days after written notice to the District.

6.4.2 Long Term Suspension of Project. If the Project on which the Architect is providing Services are suspended or abandoned by the District for more than one hundred twenty (120) consecutive calendar days, the Architect may terminate this Agreement upon ninety (90) calendar days' notice to the District, provided the District does not reactivate the Project within such ninety (90) calendar day period.

6.5 SOLE REMEDY UPON TERMINATION BY ARCHITECT.

6.5.1 Payment for Services. In the event of a termination of this Agreement by the Architect in accordance with Section 6.4, the District shall pay the Architect an amount for its Services, Additional Services and Reimbursable Expenses actually incurred up to the termination, calculated in accordance with Paragraph 6.1.2 of this Agreement. Such payment shall be the Architect's sole and exclusive compensation and the District shall have no further liability or obligation to the Architect for any other compensation or damages, including, without limitation, anticipated profit, prospective losses, business devastation, legal fees or costs associated with legal representation or consequential damages of any kind.

SECTION 7 DUTIES AND LIABILITIES OF DISTRICT

7.1 DUTIES.

7.1.1 District's Representative. The District's Representative represents the District in all matters pertaining to the Services. The District's Representative shall cooperate with the Architect in all matters relative to this Agreement in order to permit the performance of the work without undue delay.

7.1.2 Statement of Building Program. The District shall provide full information as to the requirements for and the intended use of the Project, including budget limitations and scheduling. The Architect shall have the right to rely upon such information unless the Architect knows or should know that the information is inaccurate or incomplete.

7.1.3 Surveys and Tests. The resources, surveys, and reports identified below shall be made available to the Architect, as required, at the District's expense. The Architect shall be entitled to rely upon such resources, surveys and reports, unless the Architect knows or should know that the information contained therein is inaccurate or incomplete. The Architect must inform the District in writing if any information therein appears to be incorrect or incomplete based upon the Architect's experience, site visits, or knowledge of the Project and the sites. Architect shall provide to District written scope details and scope of work to be used in securing Survey and Tests quotes as necessary.

7.1.3.1 Site Survey. The District shall furnish a legal description and a land survey of the site, giving as known grades and lines of streets, alleys, pavements and adjoining property, rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the Site.

7.1.3.2 Geologic Hazards Investigation Survey. The District shall have caused to be performed any geological hazards or investigation survey required by State authorities having jurisdiction and shall make copies available to the Architect for distribution as necessary.

7.1.3.3 Special testing and Inspection. The District shall furnish special testing and inspection services as required by law.

7.1.3.4 Checking and Permit Fees. The District shall pay or cause to be paid all fees required in connection with the Project to government agencies having jurisdiction. The Architect shall be responsible for securing, at District expense, all necessary Federal, State and local agency approvals and permits required for the Project.

7.1.3.5 Advertising. The District shall pay the cost of any advertisements for bids that may be required.

7.1.3.6 District Inspector. The District shall furnish and provide an Inspector of Record, or Inspectors of Record, as required during the entire course of construction of the Project. Each inspector shall be responsible to and defer to the direction of the Architect and shall also be responsible to and act in accordance with the policies of the District. The cost of employment of each such Inspector of Record will be borne by District and paid directly to the inspector.

7.1.3.7 Hazardous Material Consultant. Unless the District and the Architect agree that a hazardous materials consultant shall be a consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants only when such services are requested in writing by the Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters which are to be incorporated into bid documents prepared by the Architect. If the hazardous materials consultant is furnished by the District and not a consultant of the Architect, the specifications shall include a note to the effect that they are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the specifications to its preparer.

7.1.4 District Site Visits. At the discretion of the District, District staff may assist or accompany the Architect in making site visits and observing the work, including the visits described below. Requests for changes or substitutions shall be directed to the District Representative. Orders to the Contractor shall be issued through Architect after approval by the District Representative.

7.1.4.1 Pre-Final Walk-Through. District staff, or any person assigned by the District, may participate in the pre-final walk-through of the Project or any portion thereof and may assist in the preparation of the list of deficiencies required by the Construction Phase portion of the Services, as set forth on **Exhibit B** hereto.

7.1.4.2 Final Site Visit. At the discretion of the District, when notified by the Architect that the construction "punch list" items have been corrected, District staff may accompany the Architect and the Contractor on the final site visits.

7.1.5 Notice of Defects. If the District observes or otherwise becomes aware of any fault or defect in the Project, or nonconformance with the Construction Documents, the District shall verbally or in writing advise the Architect. However, the District's failure to give such notice shall not eliminate the obligations of the Architect regarding the administration of the construction of the Project or other obligations under the Construction Documents; nor require the District to make site visits.

7.1.6 Notice of Completion. When all items are completed to the satisfaction of the District and the Architect, and upon written recommendation of the Architect, District staff shall recommend that the District's Board of Education adopt a Notice of Completion.

7.2 LIMITATION ON LIABILITY OF DISTRICT.

7.2.1 Other than as specifically provided elsewhere in this Agreement, the District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall the District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.

7.2.2 The District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by the Architect, its employees, agents, consultants, invitees or guests even if such equipment has been furnished or loaned to the Architect by the District.

SECTION 8 PROJECT CONSTRUCTION COST ESTIMATES

8.1 CONSTRUCTION BUDGET. The Construction Budget may be revised at the conclusion of design or other earlier Phase of the Project at the discretion of the District based on input from the Architect.

8.2 ESTIMATED PROJECT CONSTRUCTION COST. The Estimated Project Construction Cost shall be prepared and updated by the Architect as required in **Exhibit B** during each Phase of the Services and shall be subject to District approval. The Estimated Project Construction Cost during each Phase shall under no circumstances exceed the Construction Budget, including a reasonable allowance built in for estimating design contingency. The Architect shall, at no additional cost to the District, incorporate any and all revisions needed to the preliminary studies, schematic drawings, site utilization plans and Construction Documents if at any time the Architect becomes aware that the Estimated Project Construction Cost, as recalculated, will exceed the Construction Budget; provided that this limitation shall not apply to unanticipated cost increases beyond the reasonable control of the Architect.

SECTION 9 PROJECT SCHEDULE

9.1 SCHEDULE.

9.1.1 Time for Completion. Time is of the essence and failure of the Architect to perform Services on time shall constitute a material breach of this Agreement. It shall not be a material breach if a delay is beyond the Architect's or Architect Consultant's control as set forth in Section 9.1.4 below. The milestones set forth on the Project schedule are binding, unless extended in writing by the District Representative.

9.1.2 Delays. Except as otherwise provided in Section 5.2, the Architect shall not be entitled to any compensation additional to the Basic Fee, damages or any losses incurred in connection with delays due to errors, omissions, intentional or negligent acts of the Architect or the Architect

Consultant in the performance of the work (including their respective employees or those in a direct contractual relationship with either).

9.1.3 Notice of Delay. The Architect shall immediately notify the District of any delay in: (i) the preparation and/or production of any of the Architect's documents hereunder, (ii) the performance of Services, or (iii) connection with any matter attended to by the Architect or with which the Architect is familiar (whether or not as the result of an act or omission of another).

The Architect shall consult and advise the District in connection with any such delay and its effect on the Project Schedule and shall take such action on the District's behalf as the District may request in accordance with the terms and conditions of this Agreement.

9.1.4 Force Majeure. Neither Party will be liable to the other for unanticipated delays or failures in performance resulting from causes beyond the reasonable control of that Party, including, but not limited to, acts of God, labor disputes or disturbances, pandemics, material shortages or rationing, riots, acts of war, governmental regulations, communications or utility failures, or casualties; provided that the delayed party: (i) gives the other Party prompt written notice of such cause and (ii) uses its reasonable efforts to correct such failure or delay in its performance. The delayed Party's time for performance or cure under this Section will be extended for a period equal to the duration of the cause or sixty (60) days, whichever is less.

SECTION 10 **DOCUMENTS OWNERSHIP, LICENSE, COPYRIGHT AND USE**

10.1 OWNERSHIP. Pursuant to California Education Code section 17316 and the requirements of the District, all plans, specifications, original or reproducible transparencies of any drawings and master plans, preliminary sketches, architectural presentation drawings, structural computations, estimates and any other documents prepared pursuant to this Agreement, including, but not limited to, any other works of authorship fixed in any tangible medium of expression such as writings, physical drawings and data magnetically or otherwise recorded in electronic form (hereinafter referred to as the "Project Documents") shall be and remain the property of the District. Although the official copyright in all Project Documents shall remain with the Architect or Architect Consultant, as applicable, the Project Documents shall be the property of the District whether or not the work for which they were made is executed or completed. Within thirty (30) calendar days following completion of the Project, or the earlier termination of this Agreement for any reason, the Architect shall provide to the District copies of all Project Documents then existing. In addition, the Architect shall retain copies of all Project Documents on file for a minimum of ten (10) years following completion of the Project, or the early termination of this Agreement for any reason, and shall make copies available to the District upon the payment of reasonable duplication costs. Before destroying the Project Documents following this retention period, the Architect shall make a reasonable effort to notify the District and provide the District with the opportunity to obtain the documents slotted for destruction.

10.2 REUSE BY DISTRICT. All plans for the Project, including, but not limited to, record drawings, specifications, and estimates prepared pursuant thereto, shall be and remain the property of the District for the purposes of repairs, maintenance, renovations, modernization, or other purposes, only as they relate to the assigned Project. Notwithstanding the foregoing, the District may use the plans, record drawings, specifications, or estimates related to the assigned Project for the purposes of additions, alignments, or other development on the site. The District reserves the right to reuse certain elements, features, details or other project standards in order to incorporate them into other projects within the District.

10.2.1 The plans, designs, copyrights, drawings, studies, specifications, and estimates prepared by the Architect or its Architect Consultants are instruments of service of the Architect. The

Architect shall be deemed to be the author of these documents and the Architect shall retain all common law, statutory and other reserved rights, including the copyright thereto. Notwithstanding the foregoing, the documents, including but not limited to plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer file and/or AutoCAD files) prepared by the Architect or the Architect's Consultants for this Project, shall be and remain the property of the District pursuant to Education Code section 17316 for the purposes of repair, maintenance, renovation, modernization or other purposes as they related to the Project. The District shall not be precluded from using the Architect's or Architect Consultant's documents enumerated above for the purposes of additions, alignments or other development on the Project site.

10.2.2 Notwithstanding Section 10.2.1 above, if the District proposes to reuse the plans prepared by Architect within the District but other than on the Project site, the terms and conditions for the reuse shall be set forth in an Amendment to this Agreement, or other subsequent writing executed by the District and the Architect. However, under any circumstances, in the event of any reuse or modification of the Architect's drawings, specifications or other documents by any other person, firm or legal entity, the Architect shall be given design credit and the names and seals of the Architect and the Architect's Consultants, if any, shall first be removed from the Architect's drawings, specifications or other documents.

If the District reuses the plans prepared by the Architect or Architect Consultant and retains another certified architect or structural engineer for the preparation of those plans for the reuse, the District shall indemnify and hold harmless the Architect and Architect Consultant, and their respective agents, and employees, from and against any claims, damages, losses, and expenses, including attorney's fees, arising out of or resulting from, in whole or in part, the reuse.

10.2.3 This Agreement creates a non-exclusive and perpetual license for District to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents, or any other works of authorship fixed in any tangible medium of expression, including, but not limited to, physical drawings, data magnetically or otherwise recorded on computer disks, or other writings prepared or caused to be prepared by the Architect pursuant to this Agreement. The Architect shall require any and all subcontractors and consultants to agree in writing that the District is granted a non-exclusive and perpetual license for the work of such subcontractors or consultants performed pursuant to this Agreement.

10.3 COPYRIGHT. The Architect represents and warrants that the Architect has the legal right to license any and all copyrights, designs and other intellectual property embodied in the Construction Documents that Architect prepares or causes to be prepared pursuant to this Agreement. The Architect shall indemnify and hold the District harmless pursuant to the indemnification provisions of this Agreement for any breach of this representation and warranty.

10.4 TECHNOLOGY USED. The Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Building Information Modeling (BIM) and Computer Aided Design (CAD) (e.g., AutoCAD) or other technology acceptable to the Architect and the District. As to any drawings that the Architect provides in a CAD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on the hard or PDF, unalterable, copies of all documents.

10.5 DELIVERABLES UPON TERMINATION. Following the termination of any Services, for any reason, or abandonment of all or a portion of the Project, the District may utilize the Construction

Documents as it sees fit, subject to the provisions of Section 10.2 above. The Architect shall deliver to the District, in a form and version acceptable to the District, two (2) reproducible hard-copies, two (2) PDF electronic copies, and two (2) Auto CAD electronic copies of each set of Construction Documents, complete or incomplete, prepared in connection with the Project by the Architect and the Architect Consultants, if any.

10.6 NO REPRODUCTION OR USE BY ARCHITECT OR THIRD PARTIES. After completion of the Project, or earlier termination of the Services, the Architect shall not use the Construction Documents for any purpose without District's prior written consent. In addition, the Architect shall not permit reproductions to be made of any Construction Documents without the approval of the District and shall refer all requests by other persons to the District.

SECTION 11

INDEMNIFICATION AND INSURANCE

1.1 INDEMNIFICATION.

1.1.1 Indemnity and Litigation Costs. To the fullest extent permitted by law and in conformity with California Civil Code section 2782.8, Architect shall indemnify, defend and hold the District, the District's Governing Board of Education, each member of the Governing Board, and the District's officers and employees, agents and authorized volunteers (the "Indemnitees") entirely harmless from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees and litigation expenses) that arise out of, pertain to or related to the negligence, recklessness or willful misconduct of Architect, its principals, officers, employees, agents or volunteers, in connection with the Services.

To the fullest extent permitted by law, the District agrees to defend, indemnify and hold harmless, the Architect from any and all losses, liabilities, claims, damages and costs arising out of or attributable, in whole or in part, to the negligent or willful acts, omissions, errors and/or other conduct of the District, and those of the District's Governing Board, officers, employees, agents and volunteers arising from the Project that is subject to this Agreement; provided, however, that nothing contained herein shall be construed as obligating the District to indemnify any Architect for any loss, liability, claim, damage or cost to the extent resulting from that Architect's, or its Architect Consultant' or their respective employees', agents', representatives' or independent contractors', negligence or willful misconduct, omissions, errors and/or other conduct. The District's obligation to pay Architect's attorneys' fees and costs shall be limited to the reimbursements for attorney fees and costs incurred by the Architect in defending actions to the extent caused by the negligence, recklessness or the willful misconduct of the District.

1.1.2 Survival of Indemnities. The provisions of this Section shall survive the termination of this Agreement.

1.2 INSURANCE. Without in any way affecting the indemnity provided in or by Section 11.1, before commencement of any Services, the Architect and each Architect Consultant shall procure and maintain at its own cost and expense for the duration of the Services, and longer as required by the District against claims for injuries to persons or damages to property which may arise from or in connection with the Services, the types and amounts of insurance set forth herein.

1.2.1 Minimum Limits of Insurance. The Architect and each Architect Consultant shall procure and maintain the types and amounts of coverage as follows:

1.2.1.1 Commercial General Liability Insurance with a limit of not less than \$1,000,000 each occurrence for bodily injury, personal injury and property damage \$2,000,000 annual aggregate.

1.2.1.2 Automobile Liability Insurance (Insurance Services Office Form Number CA 0001 covering Automobile Liability, Code 1 (any auto)). Minimum of \$1,000,000 limit each accident.

1.2.1.3 Professional Liability (Errors and Omissions) Insurance with a limit not less than \$1,000,000 per claim and \$3,000,000.00 in the annual aggregate.

1.2.1.4 Workers' Compensation Insurance as required by the State of California (Division IV of the California Labor Code, and any amendatory acts or provisions thereto).

1.2.1.5 Employer's Liability Insurance in an amount not less than \$1,000,000 per accident for bodily injury or disease.

1.2.2 Minimum Scope of Insurance.

1.2.2.1 Commercial General Liability insurance shall be written on Insurance Services Office form CG 0001 (or a substitute form providing coverage as least as broad and acceptable to the District) and shall cover liability arising from bodily injury and property damage (broad form property damage), premises, operations, independent contractors, products-completed operations, personal injury and advertising injury liability (including the tort liability of another assumed in a business contract), contractual liability with respect to this Agreement, explosion, collapse and underground hazards.

1.2.2.2 Automobile Insurance shall cover liability arising out of any automobiles. Coverage shall be written on Insurance Services Office form CA 0001, or a substitute form providing coverage at least as broad and acceptable to District. The policy may require deductibles acceptable to the Director of Risk Management of the District, but not self-insured retention without written approval from District.

1.2.2.3 If the Professional Liability Insurance policy is written on a claims made basis, it shall be maintained continuously for a period of no less than three (3) years after Final Completion of the Project to which it applies. The "retro date" must be shown and must be before the date of this Agreement.

1.2.3 Valuable Document Insurance. The Architect shall carry adequate insurance on all drawings and specifications as may be required to protect District in the amount of its full equity in those drawings and specifications, and shall file with District a certificate of that insurance. The cost of that insurance shall be paid by Architect.

1.2.4 Content and Endorsements. Each policy must contain, or be endorsed to contain, the following provisions:

1.2.4.1 The Commercial General Liability policy shall name District, its Board of Education and each member thereof, its officers, employees, agents, and designated

volunteers as named additional insureds (“Additional Insureds”). The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds. Coverage shall be primary and not contributory with respect to the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Architect’s insurance and shall not contribute with it.

1.2.4.2 On each policy of insurance, the insurer shall agree to waive all rights of subrogation against District, its Board of Education and each member thereof, its officers, employees, agents, and volunteers.

1.2.4.3 Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days prior written notice has been given to the District by the carrier. In the case of cancellation for non-payment, ten (10) days’ notice is acceptable. Qualified statements such as carrier “will endeavor” or that “failure to mail such notice shall impose no obligation and liability upon the company” shall not be acceptable.

1.2.4.4 The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer’s liability.

1.2.5 General Insurance Matters. All insurance coverage required under this Agreement shall:

1.2.5.1 Be issued by insurance companies admitted to do business in the State of California, with a financial rating of at least an A:VII as rated in the most recent edition of Best’s Insurance Reports. Architect shall notify District in writing if any of its insurer(s) have an A.M. Best rating of less than A:VII. At the option of District, either 1) District can accept the lower rating; or 2) the Architect or Architect Consultant(s) shall be required to procure insurance from another insurer.

1.2.5.2 Except for professional liability policies, all insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the District, its directors, officials, officers, employees and agents.

1.2.5.3 The Architect or Architect Consultant, as applicable, shall promptly notify the District of any materials change in the coverage, scope, or amount of any policy.

1.2.5.4 Except for professional liability policies for which primary coverage is not available, all such insurance shall be primary insurance. Any insurance of the District shall be excess coverage for benefit of the District only and non-contributory.

1.2.5.5 At all times while this Agreement remains in effect, the Architect and the Architect Consultant(s) shall maintain on file with the District valid and up to date certificates of insurance showing that the required insurance coverage is in effect in not less than the required amounts. If not contained on the face of the policy, endorsements signed by a person authorized by the insurer to bind coverage on its behalf, shall be separately provided. Each policy endorsement, copy, or a certificate of the policy executed by the insurance company, and evidence of payment of premiums for each policy shall be deposited with the District within twenty-one (21) days of execution of this Agreement and prior to the commencement of services, and on renewal of the policy, not less than twenty (20) days before the expiration of the term of the policy.

1.2.5.6 If the Architect fails to provide or maintain the required insurance, the District may, at its sole and absolute discretion, obtain such insurance at the Architect's expense and deduct the premium from any fees or reimbursable expenses subsequently invoiced by the Architect.

1.2.5.7 Any deductibles or self-insured retentions in excess of \$100,000 must be declared to the District and must be reduced to a level deemed acceptable by the District in writing. The Architect agrees that, at the option of the District, it will either: (A) arrange for the insurer shall reduce or eliminate such deductibles or self-insured retentions with respect to the District, its directors, officials, officers, employees and agents; or (B) procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

SECTION 12

DISPUTE RESOLUTION

1.1 RESOLUTION OF CLAIMS. Claims shall be resolved by the parties in accordance with the provisions of this Section 12. All Claims shall be subject to the “**Claims Resolution Process**” set forth in this Section 12, which shall be the exclusive recourse of the Architect and the District for determination and resolution of Claims.

For purpose of this Section 12, a “**Claim**” shall mean, a written demand or assertion by the District or the Architect seeking, as a matter of right, an interpretation of contract, disputed payment of money, recovery of damages or other relief. A Claim does not include the following: (i) penalties or forfeitures prescribed by statute or regulation imposed by a governmental agency; (ii) tort claims for personal injury or death; (iii) false claims liability under California Government Code section 12650, et seq.; (iv) physical defects in the Construction first discovered by the District after final payment by the District to a Contractor; (v) stop notices; or (vi) the right of the District to specific performance or injunctive relief to compel performance.

1.2 RESOLUTION OF OTHER DISPUTES. Disputes between the District and the Architect that do not constitute Claims shall be resolved by way of an action filed in the Superior Court of the State of California, County of San Diego, and shall not be subject to the Claims Resolution Process.

1.3 SUBMISSION OF A CLAIM.

1.3.1 By the Architect. The Architect's right to commence the Claims Resolution Process shall arise upon the District's written response denying all or part of a Claim. The Architect shall submit a written statement of dispute to the District within fourteen (14) calendar days after the District rejects all or a portion of the Architect's Claim. Failure by the Architect to timely submit its statement of dispute shall result in the decision by the District on the Claim becoming final and binding. The Architect's statement of dispute shall be signed by a Principal of the Architect and shall state with specificity the events or circumstances giving rise to the Claim, the dates of their occurrence and the asserted effect, if any, on the compensation due or time of performance obligations of the Architect under this Agreement (the “Statement of Dispute”). Such Statement of Dispute shall include adequate supporting data to substantiate the disputed Claim. Adequate supporting data for a Claim relating to an adjustment of the Architect's obligations relative to time of performance shall include a detailed, event-by-event description of the impact of each delay on the Architect's time for performance. Adequate supporting data for a Statement of Dispute involving the Architect's compensation shall include a detailed cost breakdown and supporting cost data in such form and including such detailed information and other supporting data as required to

demonstrate the grounds for, and precise amount of, the Claim.

1.3.2 By the District. The District's right to commence the Claims Resolution Process shall arise at any time following the District's actual discovery of the circumstances giving rise to the Claim. Nothing contained herein shall preclude the District from asserting Claims in response to a Claim asserted by the Architect. A Statement of Claim submitted by the District shall state the events or circumstances giving rise to the Claim, the dates of their occurrence and the damages or other relief claimed by the District as a result of such events. Notwithstanding the foregoing, the District shall not be able to commence or assert a claim beyond the applicable statute of limitations.

1.4 CLAIMS RESOLUTION PROCESS. The parties shall utilize each of the following steps in the Claims Resolution Process in the sequence they appear below. Each party shall participate fully and in good faith in each step in the Claims Resolution Process, which good faith effort shall be a condition precedent to the right of each party to proceed to the next step in the Claims Resolution Process.

1.4.1 Direct Negotiations. Designated representatives of the District and the Architect shall meet as soon as possible (but not later than forty-five (45) calendar days after the Statement of Dispute is given) in a good faith effort to negotiate a resolution to the Claim. Each party shall be represented in such negotiations by an authorized representative with full knowledge of the details of the Claim or defenses being asserted by such party, and with full authority to resolve such Claim then and there, subject only to the District's right and obligation to obtain Board of Education approval of any agreed settlement or resolution. If the Claim involves the assertion of a right or claim by a Contractor or Architect Consultant against the Architect that is in turn being asserted by the Architect against the District, then such Contractor or Architect Consultant shall also have a representative attend such negotiations, with the same authority and knowledge as just described. Upon completion of the meeting, if the Claim is not resolved, the parties may either continue the negotiations or either party may declare negotiations ended. All discussions that occur during such negotiations and all documents prepared solely for the purpose of such negotiations shall be confidential and privileged pursuant to California Evidence Code sections 1119 and 1152.

1.4.2 Deferral of Agreement Disputes. Following the completion of the negotiations required by the preceding paragraph, all unresolved Claims shall proceed to Mediation as set forth in the succeeding paragraph entitled "Mediation." The Parties hereto may mutually agree to postpone continuing the Claims Dispute Resolution until the earlier of: (i) the completion of the Scope of Services hereunder or, (ii) the termination of the services. In the event Claims are deferred, the Claims shall be consolidated within a reasonable period of time after completion of the Scope of Services herein and pursued to resolution through the Claims Dispute Resolution Process. Pending final resolution of any Claim, including but not limited to any payment dispute, the Architect shall proceed diligently with the performance of its Scope of Services and the District shall continue to make payments for those services that are not part of the Claim set forth herein in accordance with the terms of this Agreement.

1.4.3 Mandatory Mediation. If the Claim remains unresolved after direct negotiations pursuant to Paragraph 12.4.1, the Parties agree to submit the Claim to non-binding mandatory mediation before a mutually acceptable third party mediator prior to commencement of any lawsuit or court action.

1.4.3.1 Qualifications of Mediator. The Parties shall endeavor to select a mediator who is a retired judge or an attorney with at least five (5) years of experience in public works construction contract law and in mediating public works construction disputes.

1.4.3.2 Submission to Mediation and Selection of Mediator. The Party initiating mediation of a Claim shall provide written notice to the other Party of its decision to mediate. The Parties shall mutually agree upon the selection of a mediator within thirty (30) calendar days of receipt of the notice of Mandatory Mediation issued by the Party initiating mediation of a Claim.

1.4.3.3 Mediation Process. The location of the mediation shall be at the offices of the District, or otherwise mutually agreed upon location. The costs of mediation shall be shared equally among all Parties participating. All discussions that occur during the mediation and all document presentations prepared solely for the purpose of the mediation shall be confidential and privileged pursuant to California Evidence Code sections 1119 and 1152.

1.4.4 Government Code Claim Requirements. Pursuant to Government Code section 930.6, any claim, demand, dispute, disagreement or other matter in controversy asserted by the Architect against the District for money or damages, including, without limitation, a Demand for Arbitration, shall be deemed a “suit for money or damages” and shall be subject to the provisions of Government Code sections 945.4, 945.6 and 946. Notwithstanding the resolution of disputes pursuant to the arbitration provisions set forth in this Paragraph 12.4.4, any claim, demand, dispute, disagreement or other matter in controversy between the Architect and the District seeking money or damages in excess of \$375,000 shall first be presented to the District and acted upon or deemed rejected by the District in accordance with Government Code section 900, *et seq.*, as an express condition precedent to the Architect’s commencement of legal proceedings.

1.4.5 Arbitration. All claims, disputes or other matters in controversy between Architect and District arising out of or pertaining to this Agreement which are not fully resolved through the mandatory mediation set forth in Paragraph 12.4.3 above shall be settled and resolved by binding arbitration conducted under the auspices of the AAA Construction Industry Arbitration Rules in effect at the time of the filing of a Demand for Arbitration, as modified herein. The award rendered by the Arbitrator(s) shall be final and binding upon the District and the Contractor and shall be supported by law and substantial evidence pursuant to California Code of Civil Procedure section 1296. Any written arbitration award that does not include findings of fact and conclusions of law in conformity with California Code of Civil Procedure section 1296 and Rule R-47 of the AAA Construction Industry Arbitration Rules shall be invalid and unenforceable. The District and Contractor hereby expressly agree that the Court shall, subject to California Code of Civil Procedure sections 1286.4 and 1296, vacate the award if, after review of the award, the Court determines either that the award is not supported by substantial evidence or that it is based on an error of law. In connection with any arbitration proceeding commenced hereunder, the discovery rights and procedures provided for in California Code of Civil Procedure section 1283.05 shall be applicable, and the same shall be deemed incorporated herein by this reference. If any claim or dispute is asserted by the Contractor, the Construction Manager, if any, the District Representative or the District relating to the Project and arising in whole or in part out of this Agreement, the services provided by or through the Architect hereunder or the Services provided or documents prepared by or through the Architect, Architect Consultant and District agree that any arbitration proceedings initiated between Architect and District hereunder shall be consolidated with any arbitration proceedings initiated in connection with such other claim or dispute with the Architect, the Contractor, the District Representative or the Construction Manager. Any arbitration hereunder shall be conducted in the AAA Regional Office closest to the Project site.

1.5 NON-WAIVER OR RELEASE. Participation in the Claims Resolution Process shall not constitute a waiver, release or compromise of any defense of either party.

14.1.6 The Architect covenants that it shall be responsible for all costs and damages, including those due to any delays, resulting from its failure to prepare adequate documentation or to implement any changes identified as necessary either in connection with the Constructability Review or other review.

Pursuant to Education Code section 17076.11, the District has a participation goal for disabled veteran business enterprises (DVBES) of at least three (3) percent, per year, of funds expended each year by the District on projects that use funds allocated by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act. Unless waived in writing by the District, the Architect shall provide proof of DVBE compliance, in accordance with any applicable policies of the District or the State Allocation Board, within thirty (30) days of its execution of this Agreement.

14.2.3 Fingerprinting & Other Operational Requirements of the District. Unless exempted, the Architect shall comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Architect shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. The Architect and each Architect Consultant must complete the District's certification form attached hereto as **Exhibit F** and incorporated herein by reference prior to any of the Architect's or Architect Consultant's employees coming into contact with any of the District's pupils. The Architect also agrees to comply, and ensure that all its employees and Architect Consultants comply with all other operational requirements of the District, as may be revised from time to time, including but not limited to any obligations relating to vaccination or testing for infectious diseases.

14.2.5 Conflict of Interest. No member, official or employee of the District shall have any personal interest, direct or indirect, in this Agreement nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

14.2.6 Safety. The Architect shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Architect shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of its employees, consultant and subcontractors appropriate to the nature of the work and the conditions under which the work is to be performed.

14.2.7 Labor Certification. 14.3 SUPPLEMENTAL CONDITIONS. Any supplemental conditions agreed to by the Parties shall be attached as an exhibit to this Agreement and incorporated herein by reference.

SECTION 15

MISCELLANEOUS PROVISIONS

15.1 SUCCESSORS AND ASSIGNS. In as much as this Agreement is intended to secure the specialized Services of the Architect, the Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, the District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the Architect and any such assignment, transfer, delegation or sublease without the Architect's prior written consent shall be considered null and void.

15.2 SEVERABILITY. 15.3 ENTIRE AGREEMENT. This Agreement including Exhibits hereto, contains the entire understanding of the Parties, and supersedes all other written or oral agreements. The Architect shall be entitled to no other benefits other than those specified herein. No changes, amendments or alternations shall be effective unless in writing and signed by both Parties. The Architect specifically acknowledges that in entering into this Agreement, the Architect relied solely upon the provisions contained in this Agreement and no others.

15.5 NON-WAIVER. None of the provisions of this Agreement shall be considered waived by either party unless such waiver is specifically specified in writing. Neither the District's review, approval of, nor payment for, any of the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and the Architect shall remain liable to the District in accordance with this Agreement for all damages to the District caused by the Architect's failure to perform any of the Services to the standard of care of the Architect for its services, which shall be, at a minimum, the standard of care of architects performing similar work for California school districts in or around the same geographic area of the District. This provision shall survive the termination of this Agreement.

It is expressly understood and agreed that the Architect shall in no event be entitled to any benefits to which District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, workers' compensation benefits, sick or injury leave or other benefits. The Parties acknowledge Labor Code section 2750.3 and its potential impact on independent contractor relationships. The Parties agree that: (1) Architect shall be responsible for the control and direction of its own employees and personnel in the performance of the Services under this Agreement; (2) the Architect's personnel shall only perform work that is outside the District's usual course of business; and (3) Architect's personnel shall be engaged in business independent of the District.

No discrimination shall be made by the Architect in the employment of persons to work under this Agreement because of race, national origin, sex, age, ancestry, religion, physical disability, marital status, sexual orientation, or political affiliation of such person. The Architect shall comply with all applicable regulations and laws governing nondiscrimination in employment, including without limitation the following laws:

- a) **California Fair Employment and Housing Act** (California Government Code section 12900, et seq.) which prohibits discrimination in employment on account of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex and prohibits harassment of an employee or applicant because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex or age;
