

ADDENDUM #1 - RFQ 2022 -21-025Q REQUEST FOR
 QUALIFICATIONS FOR DISTRICT WIDE HAZARDOUS
 ASSESSMENT SERVICES
 For Oceanside Unified School District

NOTICE TO PROPOSERS

ADDENDUM #1
RFQ # RFQ 2022 -21-025Q
District Wide Hazardous Assessment Services
for Oceanside Unified School District

Oceanside Unified School District

The following changes, additions, deletions, clarifications or corrections shall become part of the Request for Proposals for the above listed project. This Addendum #1 forms a part of the RFQ document and modifies the original documents. **Addendum #1 MUST be Acknowledged in the cover letter.** Failure to do so may subject response to disqualification.

Oceanside Unified School District	PROGRAM MANAGER: CCM/MAAS
Inspection Services	Program Manager: Penny McGrew
RFQ QUESTION	RFQ RESPONSE
How many firms will be included in the pool?	The District does not have a set number but will include for consideration in the pool any firms deemed qualified through this process.
Does the electronic submittal need to be emailed or do you want it mailed with the hardcopies in a flash-drive?	Please include a flash drive with the hardcopies.
What's the budget of the contract?	Contracts will be awarded through the RFP process for firms in the qualified pool as projects for the Measure W Bond are determined.
What's the estimated length of the contract/length of being included in OUSD's pool of consultants?	Please see above.
What are some "other suspect items" to be anticipated for bulk testing and hazardous materials consulting? Waste from chemistry and biology labs? Paint and oils? Household chemicals?	The items are unknown but may include but not limited to the items listed in the question.

Is the scope limited to only testing and reporting?	Projects are to be determined. Scope at this time is unknown and will be determined as projects are awarded through the RFP process.
Will the district also require cradle to grave hazardous material waste oversight? Such as manifest generation, sorting into hazard class, proper storage, proper shipping, transport, disposal to hazardous waste facilities?	Projects are to be determined. Scope at this time is unknown and will be determined as projects are awarded through the RFP process.
Will analytical testing of light ballasts, mercury thermostats, and other miscellaneous hazardous materials be required?	Projects are to be determined. Scope at this time is unknown and will be determined as projects are awarded through the RFP process.
How long is the contract for?	Projects are to be determined. Scope at this time is unknown and will be determined as projects are awarded through the RFP process.
